

Aurum Bullion Product Brochure

1. PRODUCT OVERVIEW & VALUE PROPOSITION

Product Name: Aurum Bullion

Platform Support: Built natively for Desktop (Fully supports MacOS, Windows, and Linux)

Subtitle/Tagline: Trusted Enterprise Accounting for the Modern Bullion Trader.

Aurum Bullion is a professional-grade desktop application designed specifically for the unique demands of the precious metals industry. It eliminates the complexity of manual bookkeeping by providing a unified platform where money and metal are tracked side-by-side. Whether you are booking a high-volume deal or managing your physical vault, Aurum Bullion ensures your business remains accurate, secure, and ready for growth.

2. HOW IT HELPS YOUR BUSINESS

Quick Order & Deal Booking

In the fast-paced world of bullion trading, every second counts. Aurum Bullion allows you to book Buy and Sell orders instantly. With built-in rate calculators and automatic metal weight conversions, you can lock in deals with confidence.

Stock & Vault Tracking

Never lose track of a single gram. Our dedicated Item Master allows you to define various precious metals, purities, and categories. The "Pure Monitor" feature provides a real-time view of your physical assets.

Invoicing, Accounting, and Ledger System

Aurum Bullion features a comprehensive double-entry accounting system tailored for the jewelry industry. Every voucher is recorded in both currency (INR) and weight (Grams).

Aurum Bullion Product Brochure

3. WHY CHOOSE AURUM BULLION?

- Maximum Accuracy: Eliminate calculation errors with dual-tracking of money and metal.
- Built for Speed: Lightning-fast native desktop performance.
- Ease of Use: Clean, modern interface designed for traders.
- Complete Security: Your data stays on your machine.
- Professional Reporting: Detailed statements for partners and clients.
